

Note 1: Please place this unit on a flat surface, during usage. This unit is not meant for sideways use or suspended use. Please note that the load limit is in reference to the the whole load on the unit, which also includes the table top. The load limit does not include impact force. Moving the load by sliding it on the table top, or forcefully shaking the load may cause the unit to malfunction.

Note 2: This unit is assembled by combining IRL-300 with option parts IRL-300-BU and IRL-300-T600-TS.

> Details  
 IRL-300-T Series Rotary  
 Tables Set  
 IRL-300-T600 Type  
 Unit = mm

> Specification  
 Product Weight = 10.4kg  
 Load Capacity = 400kgf

Table = SUS  
 Other Parts: Aluminum, Steel,  
 Stainless Steel, Magnet Sheet
